>> ACADEMICS

ACADEMIC ADVISING CENTER

Good news—you don't need to know what degree you want to complete to start an education at the U! You'll find almost any subject you're looking for, socially and professionally, it's just as unlimited. Come learn about the resources, support, and programs available to help you find a major that fits!

COLLEGE OF ARCHITECTURE + PLANNING

Our college is made up of the School of Architecture, the Department of City and Metropolitan Planning, and the Division of Multi-Disciplinary Design. The college offers both majors and minors in architecture, urban ecology, and design. Join us to learn about our award-winning faculty and programs.

COLLEGE OF EDUCATION

Learn about our elementary, early childhood, secondary and special education teacher preparation programs, as well as our brand new degree program in educational psychology. This workshop will provide information regarding university and college scholarships and financial incentives.

COLLEGE OF ENGINEERING

Come learn about our twelve different programs, direct admissions process, scholarship deadlines, and what you can do now to help set yourself up for success before you come to the U.

COLLEGE OF FINE ARTS

Join us to learn more about our undergraduate programs, which programs require audition and additional application submissions, our award-winning student opportunities, and the University's Arts Pass program.

COLLEGE OF MINES & EARTH SCIENCES

From drones to dinosaurs, learn how our science and engineering programs can help you create, inspire, and explore.

COLLEGE OF NURSING

We strive for excellence in education, research, and clinical care, and each mission is vital to our overall success. Diversity and inclusiveness, independent inquiry, and collegiality form the fabric of everyday life for faculty and students.

COLLEGE OF SCIENCE

Do you have a passion for discovery? A burning need to figure out the "why?" to the challenges our world faces? Do you envision yourself changing the landscape of our world through innovation and research? You have a place at the College of Science.

COLLEGE OF SOCIAL & BEHAVIORAL SCIENCE

We are inspiring human *solutions* to life's *challenges*! Our award-winning faculty and students study a wide range of issues including, but not limited to, climate and sustainability, social and economic inequality, immigration policies, international security, and the roles of gender and ethnicity in society.

COLLEGE OF SOCIAL WORK

Social work is a diverse and rewarding profession - but we find that most students do not know much about this field or college major. Please join us as we debunk common myths and explore the many career pathways social work graduates can take.

DAVID ECCLES SCHOOL OF BUSINESS

Our Business Scholars gives high-achieving first-year and transfer students an introduction to all the Eccles School has to offer. Business Scholars learn by doing, including visiting companies, networking with executives and top professors, building relationships with their peers, presenting business case studies, and traveling the U.S. and the world.

HONORS COLLEGE

The Honors College gives students unique opportunities to learn critically and develop excellent communication and problem solving skills. Learn more about the Honors College experience and application process.

MEDICAL LABORATORY SCIENCE

Learn what it takes to work in a diagnostic clinical laboratory!

SCHOOL OF CULTURAL AND SOCIAL TRANSFORMATION

We are ready to think with you. Ready to shape the leaders-you-who will put ideas into forceful motion.
